8. INSTRUCTIONS

- 8.1. Any instruction is transmitted at your own risk in such manner as may be specified by us or agreed between you and us from time to time. We shall not be liable for any loss suffered on account of any instruction not being received by us (whether transmitted through an electronic system or not) or not being acted upon. For the avoidance of doubt, we may electronically acknowledge an instruction transmitted to us by you through an electronic system but are under no obligation to act in accordance with such instruction.
- 8.2. Any instruction you give us shall be in accordance with all laws, rules, regulations and disclosure requirements of any relevant jurisdiction, exchange, market or regulatory authority which apply in respect of us, you or your investments from time to time.
- 8.3. We may at our absolute discretion refuse to accept or act in accordance with any instruction, without being under any obligation to give any reason. - 8.4. You authorise us to rely and act upon, and treat as fully authorised and binding upon you, any instruction which purports to have been given and which is accepted by us in good faith as having been given by you or on your behalf, without further enquiry on our part as to the genuineness, authority or identity of the person giving or purporting to give such instruction and notwithstanding any communication you may have made or may make to us purporting to limit the persons from whom we may accept instructions, unless such limitations have been agreed in writing by us or have been expressly requested by us in writing. Notwithstanding the foregoing, we may require, and you shall provide, evidence of any such authority provided to any person acting, or purporting to act, for you or on your behalf. You will be responsible for and bound by all contracts, obligations, costs and expenses entered into or incurred by us on your behalf in consequence of or in connection with such instructions.
- 8.5. You shall promptly (and within any time limit imposed by us) give any instructions we may reasonably request from you in respect of any Services provided hereunder. If you do not do so, we may in our sole discretion take any steps at your cost which we consider appropriate for our or for your protection.

- 8.6. We may in our absolute discretion record telephone conversations with you or your agents and will normally record telephone conversations between you or your agents and our employees who act in a trading or sales capacity. Our record of telephone conversations with you or your agents shall constitute conclusive evidence and may be relied upon as evidence of all instructions, commitments, notices or requests delivered in such manner and all intellectual property and other rights in and to such records shall belong solely to us. No inference shall be drawn from the absence of any recording or records of any telephone conversation.

9. DEALING

- 9.1. Where we owe you a best execution obligation under applicable laws, we are generally required to take reasonable steps to obtain the best outcome for you, taking into account various execution factors (“**best execution**”). This will generally involve following your instructions. There are circumstances where our best execution obligation does not apply. Where best execution applies, we meet this obligation by executing orders in accordance with our best execution arrangements under our Order Execution Policy. A copy of our Order Execution Policy is or will be provided to you with these Terms or separately and is also available on our website - www.jefferies.com. You consent to your transactions being handled in accordance with our Order Execution Policy.
- 9.2. You acknowledge that there are many circumstances, where clients will not be legitimately relying on Jefferies to protect their interests and that in such circumstances, we will not owe the duty of “best execution” outlined in clause 9.1. Further detail on when we owe you a duty of best execution is outlined in our Order Execution Policy.
- 9.3. Certain events (including corporate actions such as share splits or bonus issues) may cause exchanges and/or multi lateral trading facilities to cancel unexecuted orders in their order books at the time that such events take effect. Where any such cancelled orders were being worked by us on your behalf, we consider your related order(s) to also be cancelled by you and in such circumstances our sales staff will refer to you for express renewal of instructions concerning the securities of the relevant issuer.
- 9.4. You shall be responsible for instructing us to procure the exercise of any voting, conversion or subscription rights, deal with take-over or other offers or capital re-organisations or effect any other corporate actions with respect to your investments and we shall have no obligation to notify you of any such rights or actions nor shall we be obliged to take any action in respect of such rights or actions unless and until we receive timely instructions from you.
- 9.5. We shall be entitled to carry out all Transactions in accordance with the constitution, bylaws, rules, regulations, customs or practices of the relevant market, exchange and/or clearing house whether imposed on you or us. We may take all such steps as may be required or permitted by such laws, rules, regulations, customs and/or market practice (“**Applicable Rules**”). We will be entitled to take or not take any reasonable action we consider fit in order to ensure compliance with the same and all such actions so taken will be binding upon you. In the event of any conflict between these Terms and any Applicable Rules, the Applicable Rules shall prevail, provided that nothing in this clause shall affect our rights under clause 22 of these Terms.
- 9.6. In order to give effect to your dealing instructions, we may instruct a broker selected by us in our discretion. We undertake to use reasonable care and skill in the appointment and supervision of any other broker and to make available to you and take such action on your behalf as you may reasonably request in relation to any rights we have against such broker.
- 9.7. We may at our discretion and subject to MAS Rules aggregate your orders with our own orders or those of other clients of ours. We will allocate the proceeds of such orders among the participating clients in a manner which we believe to be fair and equitable and in accordance with our order allocation policy. If the combined order is not executed at the same price we may average the prices paid or received and debit or credit you with the average net price. Details of the average price will be furnished to you. Aggregation of orders in this way may on some occasions operate to your advantage, but may on other occasions operate to your disadvantage.

- 9.8. Where we are unable or consider it undesirable or inappropriate to execute your order at once or in a single transaction, we may execute it over such period as we deem appropriate and we may report to you an average price for a series of transactions so executed instead of the actual price of each transaction.
- 9.9. We may undertake a programme trade or trades comprising a single transaction or series of transactions on your behalf.

10. SETTLEMENT

- 10.1. Unless we agree otherwise, you are solely responsible for the due performance of every Transaction which we enter into with or for you and you shall be responsible for any losses we incur as a result of your failure to deliver appropriate settlement instructions to us.
- 10.2. If you have not delivered the appropriate funds or securities to us on the due date for settlement, we reserve the right, as appropriate, to exercise a sell-out of the relevant Securities or acquire alternative Securities by whatever means or take such other action we determine in our absolute discretion. Where we do so, our obligation to deliver the Securities or monies to you or pay the purchase price due will cease. You shall be responsible for any losses we incur arising out of your non-performance or any actions we take as a result thereof. Where permitted to do so by any Applicable Rules, we may effect a net settlement with or for you or on your behalf.
- 10.3. Our obligation to settle any Transaction, whether we are acting as principal with or agent for you, is conditional upon the receipt by us or our agents on or before the due date for settlement of all necessary documents or funds due to be delivered by you or on your behalf including, for the avoidance of doubt, settlement instructions. If, in any Transaction we deliver Securities or monies to you or to your order at that time or subsequently and, for whatever reason, your obligations are not performed simultaneously with or prior to our obligations, you shall hold on trust for us any such Securities or money received from us until your own obligations are fully performed.
- 10.4. We will normally settle transactions on a 'delivery versus payment' basis and any money or assets received will not usually be eligible to be treated as customer's money or customer's assets subject to applicable laws and regulations. However, where a situation arises where we are holding customer's moneys or assets, the terms in Clause 6 above shall apply.

11. CONFIRMATIONS AND STATEMENTS OF ACCOUNT

- 11.1. We will send to you a confirmation in respect of each Transaction within the time required by and in accordance with the MAS Rules and Applicable Rules, including where applicable, the rules of the relevant exchanges. If we have instructed an intermediate or third party broker on your behalf, the confirmation may be a copy of the confirmation sent to us by the intermediate or third party broker. Confirmations posted, electronically transmitted or otherwise sent to you at your last known address or electronic-mail address in our records will be deemed to have been received by you. For the avoidance of doubt, any communication to you via electronic-mail or by way of any other electronic form shall not incur any additional costs on your part. In particular, you have agreed that in respect of any trades carried out on the Singapore Exchange – Securities Trading, such confirmations in relation to such trades may be issued in electronic form unless and until you instruct otherwise in writing. Such confirmations will be sent to you at the electronic-mail address or to the facsimile number as you have notified to us from time to time. Any revocation of any authorisation contained herein shall be communicated to us in writing.
- 11.2. Any confirmation or statement of account which we give you in writing will be deemed correct, conclusive and binding on you if not objected to in writing by you by the dealing day prior to settlement day for the Transaction(s), unless we notify you of an error therein within the same time period.
- 11.3. In respect of statements of account, subject to Clause 11.4 below, we will provide you with the same in accordance with MAS Rules, except that no statement of account shall be furnished to you if there is no change to any of the particulars since the date on which the last statement of account was made

up to. Such statement of accounts will be sent to you at the electronic mail address or to the facsimile number as you have notified to us from time to time

- 11.4. If you are an accredited investor as defined under the SFA, by accepting these Terms of Business, you shall be deemed to have requested in writing not to receive the statement of accounts on a monthly basis from us, we will not provide such statement of account on a monthly basis until we hear from you otherwise in writing.

Disclosure obligations may also arise under legislation of other jurisdictions. We are not responsible for advising you or your affiliates on disclosure obligations generally or any disclosure obligation which may arise from any of your instructions or which has arisen as a result of any transaction or holding or otherwise. Such disclosure obligations are entirely your and your affiliates' responsibility at all times. We shall not be liable for any loss, cost or expense from any failure or delay by you or your affiliates to disclose in accordance with any such disclosure obligation.

13. SHORT SELLING REQUIREMENTS

- 13.1. Regulatory authorities in many jurisdictions around the world have issued a series of prohibition and/or disclosure requirements relating to short selling (the "**Short-Selling Requirements**"). We are required to comply with all the Short-Selling Requirements, and, as such, we are not permitted to carry out, facilitate, or arrange any trade which breaches the Short-Selling Requirements.
- 13.2. As each jurisdiction has specific Short-Selling Requirements, which have been announced and continue to be amended and reinterpreted, all clients of ours are expected to be in compliance with such Short-Selling Requirements before placing any sell order for execution. In light of these Short-Selling Requirements, effective immediately and until further notice, in the event that we, or any of our affiliates, enter into any transaction with or for you which is subject to any of the above referenced Requirements, we shall do so on the strict understanding that you shall be deemed to have represented to us, or, as appropriate, our affiliate, that the execution of such transaction will not result in a breach of such Short-Selling Requirements.
- 13.3. Similarly, if you enter an order in any security subject to any Short-Selling Requirements on or through any electronic trading system, application or service provided by us, or any of our affiliates, you shall be deemed to have represented to us, or, as appropriate, our affiliate, that such order:
 - 13.3.1. will not result in a breach of the Short-Selling Requirements; and
 - 13.3.2. will not cause us, or, as appropriate, our affiliate(s), to make a disclosure under the Short-Selling Requirements.
- 13.4. We accept no responsibility for your failure to comply with any of the Short-Selling Requirements applicable to you.

14. CONFLICTS OF INTEREST

- 14.1. In accordance with MAS Rules and our own conflicts of interest policies, we have in place arrangements to manage conflicts of interest that arise between ourselves and our clients and between our different clients. Where we do not consider that the arrangements under our conflicts of interest policies are sufficient to manage a particular conflict, we will inform you of the nature of the conflict so that you can decide how to proceed.

- 14.2. In relation to any transaction we broker, execute or arrange for or with you, we may have an interest, relationship, arrangement, or duty which is material or which gives or may give rise to a conflict of interest with your interest(s) in relation to the investment or transaction concerned or investments or assets underlying, derived from or otherwise directly or indirectly related to such investments (a "**material interest**"). We will take all necessary steps to ensure fair treatment for you in relation to any such transactions and will manage any conflict of interest in accordance with our conflicts of interest policies.
- 14.3. Your attention is drawn to the fact and you acknowledge that we are involved in providing a range of services including providing research. As such we may have a material interest or a conflict of interest in the services or transactions we carry out with or for you. We have in place internal procedures pursuant to our conflict of interest policies to ensure that our various business areas operate independently of each other and restrict access by the particular employee(s) responsible for handling your affairs to certain areas of information.
- 14.4. Accordingly:
- 14.4.1. we will provide Services to you under these Terms on the basis of information actually known to the particular employees responsible for handling your affairs; and

- 14.5. You agree that we are entitled to provide Services to you, notwithstanding that we may have a material interest in or a potential conflict of interest in relation to the transaction or investment concerned and you consent to our acting in any manner which we would consider appropriate in such cases. A material interest may include but is not limited to circumstances where we may:

 - 14.5.6. execute hedging transactions prior to or following receipt of an order or information concerning a contemplated order or Transaction from you or from someone acting on your behalf in order to manage our risk in relation to Transactions you are entering into or contemplating, or execute Transactions in order to facilitate the dutiful execution of your order or manage our own market-maker or dealing activities, all of which may impact on the price you pay or receive in relation to such Transactions, and any profits generated by such hedging or other Transactions may be retained by us without reference to you; or
 - 14.5.7. provide investment research (as defined in clause 14.8).
- 14.6. We shall be entitled to carry out a Transaction for you or provide any Services to you notwithstanding any such material interest and shall not be under a duty to disclose to you any profit arising therefrom without further reference to you to the extent permissible under MAS Rules. However, in such cases

we may also in our absolute discretion decline to carry out a Transaction with or for you or to give advice, investment research or provide research reports to you.

- 14.7. We shall not be liable to account to you for, or (save in respect of fees or commissions charged to you) to disclose to you the amount of any profit, commission or remuneration made or received (whether from any client or by reason of any material interest or otherwise) by us by reason of any Services provided to you.

 - 14.8.2. No investment research provided to you by us shall constitute an offer or an invitation by or on behalf of us to any person to buy or sell any investments.
 - 14.8.3. In all cases, you should conduct your own investigation, verification and analysis of any information contained in investment research provided to you by us before taking or omitting to take any action either in relation to investments or markets.

- 15.1. In respect of orders we broker, execute or arrange on your behalf that are subsequently executed by or with our affiliate(s), our affiliates' fees will be calculated on a commission basis and collected from you on each relevant Transaction or on such other basis as agreed between such affiliate(s) and you or as notified by them to you from time to time.
- 15.2. You will be responsible for the payment of any commissions, brokerage fees, transfer fees, registration fees, any applicable duties and taxes, and all other liabilities, charges, costs and expenses payable in connection with transactions effected or Services provided by us on your behalf or by our affiliate(s).
- 15.3. In the event that you request and we agree to exercise discretion incidental to providing any Services to you, you acknowledge and agree that we may receive goods or services ("**Soft Dollars**") from a custodian or a third party broker in consideration of directing execution business on your behalf to such custodian or third party broker provided that (i) the Soft Dollars received by us are of demonstrable benefit to you, and (ii) the execution of any transaction(s) by a custodian or third party broker is consistent with applicable best execution requirements and any fees, commissions or charges payable to such custodian or third party broker are not in excess of customary full-service brokerage rates.
- 15.4. In the course of providing Services to you, we may also pay or share fees, commissions or other non-monetary benefits to or with any other person to the extent permitted by applicable law, rule or regulation.

16. PAYMENTS

- 16.1. You agree to pay any amounts due to us by you as they become due regardless of any rights of equity, counterclaim or set-off which you may have against us and free and clear of, and without withholding or deduction for, any taxes of whatsoever nature, unless the same is required by any applicable laws,

rules or regulations binding on you. In that event, unless otherwise agreed, you will pay such additional amounts as will result in the net amounts receivable by us (after taking account of such withholding or deduction) being equal to such amounts as would have been received by us had no such taxes been required to be withheld or deducted.

28.3. No failure to exercise or delay in exercising any right or remedy under the Terms shall constitute a waiver thereof and no single or partial exercise of any right or remedy under the Terms shall preclude or restrict any further exercise of such right or remedy. The rights and remedies contained in the Terms are cumulative and not exclusive of any rights and remedies provided by law.

28.4. If any provision in these Terms shall in whole or in part be held by any Court of competent jurisdiction to any extent to be illegal or unenforceable under any enactment or rule of law that provision or part shall to that extent be deemed not to form part of the Terms and the enforceability of the remainder of the Terms shall not be affected thereby.

APPENDIX 2

RISK WARNINGS AND FURTHER DISCLOSURES

Clients should note that there are significant risks inherent in investing in certain financial instruments and in certain markets. Investment in derivatives, futures, options and warrants may expose clients to risks which are different to those investors might expect when they invest in equities. Similarly, investment in shares issued by issuers in emerging markets (by which we mean those that have an underdeveloped infrastructure or which are less economically or politically stable as markets in developed countries) involves risks not typically associated with equities investment in well developed markets. Investment in any of the foregoing kinds of financial instruments is generally inappropriate for investors who do not understand and are not able to bear the risks involved. Among such risks, is the risk of losing the entire value of an investment or (in the case of certain derivative and other transactions) the risk of being exposed to liability over and above the initial investment. We set out below some specific risks and considerations for investors in relation to financial instruments of the type referred to above.

This information is not intended to constitute a comprehensive statement of all the risks to which investors might be exposed and there may be others that exist now or which may arise in the future. In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to risk. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Risk of securities trading

The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profits made as a result of buying and selling securities.

Risk of client assets received or held outside Singapore

Client assets received or held outside Singapore are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Act and the rules made thereunder. Consequently, such client assets may not enjoy the same protection as that conferred on client assets received or held in Singapore.

Deposited cash and property

You should familiarise yourself with the protections given to money or other property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

Risk of margin trading

The risk of loss in financing a transaction by deposit of collateral is significant. You may sustain losses in excess of your cash and any other assets deposited as collateral with the licensed or registered person. Market conditions may make it impossible to execute contingent orders, such as "stop-loss" or "stop-limit" orders. You may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made within the prescribed time, your collateral may be liquidated without your consent. Moreover, you will remain liable for any resulting deficit in your account and interest charged on your account. You should therefore carefully consider whether such a financing arrangement is suitable in light of your own financial position and investment objectives.

Commission and other charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

Currency risks

The profit or loss in transactions in foreign currency-denominated contracts (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

Trading facilities

Electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or participant firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

Electronic trading

Trading on an electronic trading system may differ from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all.

Off-exchange transactions

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be subject to a separate regulatory regime. Before you undertake such transactions, you should familiarise yourself with applicable rules and attendant risks.

Emerging Markets

Investors should be aware that there may be potential risks posed by volatile political, legal and commercial conditions in emerging markets which may affect the value of or result in the loss of investments. The quality and reliability of official data published by governments and their agencies in emerging markets might not be equivalent to that available in developed markets. In addition, the absence of developed securities markets as well as potentially underdeveloped banking and telecommunications systems in such countries may give rise to greater custody, settlement, clearing and registration risks. Foreign investment in issuers in emerging markets may be restricted - sometimes such restrictions may not be published and investors may not be readily made aware of them. In such circumstances, there may be restrictions on repatriation of capital or an investment may have to be scaled down to comply with local foreign ownership restrictions.

Options

There are many different types of options with different characteristics subject to the following conditions.

Buying options: Buying options involves less risk than selling options because, if the price of the underlying asset moves against you, investors can simply allow the option to lapse. The maximum loss is limited to the premium, plus any commission or other transaction charges. However, if investors buy a call option on a

futures contract and investors later exercise the option, they will acquire the future. This will expose investors to the risks described under in relation to futures and contingent liability investment transactions.

Writing options: If investors write an option, the risk involved is considerably greater than buying options. Investors may be liable for margin to maintain their position and a loss may be sustained well in excess of the premium received. By writing an option, investors accept a legal obligation to purchase or sell the underlying asset if the option is exercised against them however far the market price has moved away from the exercise price. If you already own the underlying asset which you have contracted to sell (when the options will be known as "covered call options") the risk is reduced. If you do not own the underlying asset ("uncovered call options") the risk can be unlimited. Only experienced persons should contemplate writing uncovered options, and then only after securing full details of the applicable conditions and potential risk exposure.

Traditional options: Certain London Stock Exchange member firms under special exchange rules write a particular type of option called a "traditional option". These may involve greater risk than other options. Two-way prices are not usually quoted and there is no exchange market on which to close out an open position or to effect an equal and opposite transaction to reverse an open position. It may be difficult to assess its value or for the seller of such an option to manage his exposure to risk.

Certain options markets operate on a margined basis, under which buyers do not pay the full premium on their option at the time they purchase it. In this situation you may subsequently be called upon to pay margin on the option up to the level of your premium. If you fail to do so as required, your position may be closed or liquidated in the same way as a futures position.

APPENDIX 3

EXPLANATION OF EFFECT OF BEING TREATED AS AN ACCREDITED INVESTOR

The following sets out the effect under the consent provisions of you being treated by Jefferies Singapore Limited as an accredited investor. Where we deal with you as an accredited investor, we would be exempt from complying with certain requirements under the Financial Advisers Act, Chapter 110 of Singapore (the “FAA”) and certain regulations, notices and guidelines issued thereunder, as well as certain requirements under the SFA and certain regulations and notices issued thereunder.

Please note that the regulatory requirements that we are exempted from when dealing with you as an accredited investor may be amended and updated from time to time due to regulatory changes or otherwise. Whilst we have set out the consent provisions under the Securities and Futures (Licensing and Conduct of Business) Regulations, some of these provisions may not be in force yet and may only come into force vis-à-vis us at a later date.

Under the SFA and the regulations and notices issued thereunder:

- 1. Compensation from fidelity fund under Section 186(1) of the SFA.** The fidelity fund is established by an approved exchange (such as and including Singapore Exchange Securities Trading Limited, Singapore Exchange Derivatives Trading Limited, ICE Futures Singapore Pte. Ltd. and Asia Pacific Exchange Pte. Ltd.). Section 186(1) of the SFA provides for a fidelity fund to be held and applied for the purposes of compensating persons who suffer pecuniary loss because of certain defaults. Compensation may be made where there is a defalcation committed by a member of the approved exchange or its agent in the course of, or in connection with, a dealing in capital markets products done on the approved exchange or through a trading linkage of the approved exchange with an overseas exchange, where the defalcation is committed in relation to any money or other property which (after the establishment of the fidelity fund) was entrusted to or received by, *inter alia*, that member or by any of its agents for or on behalf of any other person or as trustee.

When we deal with you as an accredited investor, you would not be entitled to be compensated from the fidelity fund, even if you have suffered pecuniary loss in the manner contemplated under Section 186(1) of the SFA. You are therefore not protected by the requirements of Section 186(1) of the SFA.

- 2. Prospectus Exemptions under Sections 275 and 305 of the SFA.** Under Part XIII of the SFA, all offers of securities and securities-based derivatives contracts, and units of collective investment schemes are required to be made in or accompanied by a prospectus in respect of the offer that is lodged and registered with the MAS and which complies with the prescribed content requirements, unless exempted. The SFA further provides for criminal liability for false and misleading statements contained in the prospectus, omissions to state any information required to be included in the prospectus or omissions to state new circumstances that have arisen since the prospectus was lodged with the MAS which would have been required to be included in the prospectus if it had arisen before the prospectus was lodged with the MAS. In addition, certain persons, including the person making the offer, the issuer, the issue manager and the underwriter (the “**Persons**”) may be liable to compensate any person who suffers loss or damage as a result of the false or misleading statement in or omission from the prospectus, even if such persons were not involved in the making of the false or misleading statement or the omission.

Sections 275 and 305 of the SFA are exemptions from the prospectus registration requirement under the SFA, and exempt the offeror from registering a prospectus when the offer of securities and securities-based derivatives contracts, and units of collective investment schemes is made to relevant

persons. Relevant persons include accredited investors. In addition, secondary sales made to institutional investors and relevant persons, which include accredited investors, remain exempt from the prospectus registration requirement provided that certain requirements are met.

Subsequent Sales: Subsequent sales of securities, securities-based derivatives contracts and collective investment schemes are subject to restrictions under Section 276(1) and 276(2) or, as the case may be, Sections 305A(1)(b) such that subsequent sales to relevant persons (including accredited investors) will continue to be exempt from prospectus requirements.

Where securities, securities-based derivatives contracts and collective investment schemes are subscribed or purchased under Section 275 or 305 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor (the “**Corporation**”); or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor (the “**Trust**”),

inter alia, securities of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the securities, securities-based derivatives contracts and collective investment schemes pursuant to an offer made under Section 275 or 305 of the SFA except, *inter alia*, to an institutional investor or to a relevant person.

If you opt to be treated as an accredited investor, the above restrictions will not apply and you will not be prohibited from being a transferee of the securities of the Corporation or interests in the Trust in the circumstances specified.

When we deal with you as an accredited investor, the issuer and/or offeror is exempt from the prospectus requirements under Part XIII of the SFA pursuant to the exemptions under Sections 275 and 305 of the SFA. As a result of this, the issuer and/or offeror is not under any statutory obligation to ensure that all offers of the relevant products to you are made in or accompanied by a prospectus that is lodged and registered with the MAS and which complies with the prescribed content requirements. Consequently, the issuer and/or offeror is not subject to the statutory prospectus liability under the SFA and you would not be able to seek compensation from the Persons under the civil liability regime for prospectuses even if you suffer loss or damage as a result of any false or misleading statement in or omissions in the offering document. Subsequent sales of securities, securities-based derivative contracts and collective investment schemes first sold under inter alia Section 275 and 305 can also be made to you, as well as transfers of securities of Corporations and interests in Trusts. You are therefore not protected by the prospectus registration requirements of the SFA.

- 3. Restrictions on Advertisements under Sections 251 and 300 of the SFA.** Sections 251 and 300 of the SFA prohibit any advertisement or publication referring to an offer or intended offer of securities and securities-based derivatives contracts, and units of collective investment schemes from being made, except in certain circumstances. In this regard, where a preliminary document has been lodged with the MAS, certain communications may be made. These include the dissemination of, and presentation of oral or written material on matters contained in, the preliminary document which has been lodged with the MAS to institutional investors and relevant persons under Sections 251(3), 251(4)(a), 300(2A) and 300(2B)(a) of the SFA. Relevant persons include accredited investors.

When we deal with you as an accredited investor, you may receive communications relating to a preliminary document which has been lodged with the MAS. You are therefore not protected by the requirements of Sections 251 and 300 of the SFA.

4. Part III of the Securities and Futures (Licensing and Conduct of Business) Regulations (“SFR”).

Part III of the SFR stipulates the requirements imposed on us in relation to the treatment of customers’ moneys and assets. While we remain under the statutory obligation to deposit all moneys and assets received on your account in a trust account or custody account maintained in accordance with Regulations 17 and 27 of the SFR (respectively) or any other account into which you direct the moneys or assets be deposited, as an accredited investor, the enhanced safeguards in relation to the moneys that we receive from or on your account (in particular in relation to over-the-counter (“OTC”) derivatives transactions) will not apply.

We may also deposit moneys received on your account, including moneys received in respect of OTC derivatives contracts, with an approved clearing house, a recognised clearing house, a member of an organised market or a member of a clearing facility for the purposes of facilitating transactions on those clearing facilities or organised markets (as the case may be) on your behalf or for any other purposes as the rules that such clearing facilities or organised markets may specify (as the case may be).

We are also exempt from the following statutory obligations: (i) the disclosure requirements pertaining to the manner in which your moneys and assets are held (whether locally or in a foreign jurisdiction), as specified under Regulations 18A and 27A of the SFR (respectively); (ii) the prohibition against transferring title in your moneys or assets to us or any other person except in certain prescribed circumstances relating to the borrowing or lending of your specified products, and using your moneys or assets to meet our own obligations under Regulation 20A and 34A, and 35 of the SFR (respectively); (iii) the obligation to inform you that we may use your assets for a sum not exceeding the amount owed by you to us, disclose the risks of such use to you and obtain your consent before using your assets, including mortgaging, charging, pledging or hypothecating your assets under Regulation 34 of the SFR.

When we deal with you as an accredited investor, we are exempt from treating you as a “retail investor” in relation to certain requirements stipulated under Part III of the SFR pertaining to the treatment of a retail customer’s moneys and assets. You are therefore not protected by those requirements under Part III of the SFR.

5. **Regulation 47BA of the SFR.** Regulation 47BA of the SFR provides that a CMSL holder must not deal with a retail customer as an agent when dealing in capital markets products that are over-the-

counter derivatives contracts and/or spot foreign exchange contracts for the purposes of leveraged foreign exchange trading.

When we deal with you as an accredited investor, we are exempt from treating you as a “retail investor” and may therefore deal with you as an agent in relation to over-the-counter derivatives contracts and/or spot foreign exchange contracts for the purposes of leveraged foreign exchange trading.

- 6. Regulation 47E of the SFR.** Regulation 47E(1) and (2) of the SFR provide for certain risk disclosure requirements that a CMSL holder that deals in capital markets products and provides fund management services respectively must comply with in relation to trading in futures contracts, spot foreign exchange contracts for the purposes of leveraged foreign exchange trading, and foreign exchange over-the-counter derivatives contracts for retail customers that are not related corporations of the CMSL holder.

A CMSL holder that deals in capital markets products must not open a trading account for a retail customer who is not its related corporation for the purpose of entering into transactions of sale and purchase of the abovementioned capital markets products unless it has furnished the customer with a written risk disclosure document disclosing the material risks of the specified capital markets products in a prescribed form (Form 13), and receives an acknowledgement signed and dated by the customer that he has received and understood the nature and contents of the Form 13.

A CMSL holder that provides fund management services shall not solicit or enter into an agreement with a prospective retail customer who is not its related corporation for the purpose of managing or guiding the retail customer’s trading account for the purposes of futures contracts, spot foreign exchange contracts for the purposes of leveraged foreign exchange trading, and foreign exchange over-the-counter derivatives contracts by means of a systematic programme that recommends specific transactions unless it has delivered the prospective retail customer with a written risk disclosure document in a prescribed form (Form 14), and received an acknowledgement signed and dated by the prospective retail customer that he has received and understood the nature and contents of the Form 14.

Regulation 47E also specifies that copies of Forms 13 and 14 are kept in Singapore.

When we deal with you as an accredited investor, we are not under any statutory obligation to provide you with the risk disclosures in the manner contemplated under Regulation 47E of the SFR. You are therefore not protected by the risk disclosure requirements under Regulation 47E of the SFR.

- 7. Section 99H(1)(c) of the SFA read with Regulations 3A(5)(c), (d), (e) and (7) of the SFR.** Section 99H(1)(c) of the SFA read with Regulations 3A(5)(c), (d) and (e) of the SFR provide that where a principal wishes to appoint an individual as a provisional representative or temporary representative in respect of any SFA regulated activity, the principal is required to lodge with the MAS an undertaking to ensure that (i) the provisional representative or temporary representative is accompanied at all times by an authorised person when meeting any client or member of the public in the course of carrying on business in any SFA regulated activity, (ii) the provisional representative or temporary representative sends concurrently to an authorised person all electronic mail that he sends to any client or member of the public in the course of carrying on business in any SFA regulated activity and (iii) the provisional representative or temporary representative does not communicate by telephone with any client or member of the public in the course of carrying on business in any SFA regulated activity, other than by telephone conference in the presence of an authorised person. An “authorised person” for these purposes refers to an appointed representative or a director of the principal, an officer of the principal whose primary function is to ensure that the carrying on of business in the SFA regulated activity in

question complies with the applicable laws and requirements of the MAS or an officer of the principal appointed to supervise the representative in carrying on of business in the SFA regulated activity.

When we deal with you as an accredited investor, we are not under any statutory obligation to restrict the interactions with you that may be undertaken by our provisional representatives or temporary representatives in the course of carrying on business in any SFA regulated activity in the manner set out in Regulations 3A(5)(c), (d) and (e) of the SFR. You are therefore not protected by the requirements of Section 99H(1)(c) of the SFA read with Regulations 3A(5)(c), (d) and (e) of the SFR.

- 8. Regulation 7 of the SFR.** Regulation 7 of the SFR provides that a CMSL holder for dealing in capital markets products that are specified products (other than a member of an approved exchange (such as Singapore Exchange Securities Trading Limited) is required to lodge with the MAS a deposit of S\$100,000 for the duration of its licence, where the deposit shall be applied by the MAS for the purpose of compensating any person (other than an accredited investor, expert investor or institutional investor) who suffers pecuniary loss as a result of any defalcation committed by the CMSL holder or any of its agents in relation to any money or other property which, in the course of or in connection with its business in dealing in capital markets products that are specified products was (i) entrusted to or received by the CMSL holder or agent for or on behalf of any other person or (ii) entrusted to or received by the CMSL holder as trustee (whether or not with any other person) of that money or property, or the agent as trustee of, or on behalf of the trustee of, that money or property.

When we deal with you as an accredited investor, you would not be able to claim compensation in relation to the deposit we, as a CMSL holder for capital markets products that are specified products, have lodged with the MAS, even if you have suffered pecuniary loss in the manner contemplated in Regulation 7 of the SFR. You are therefore not protected by the requirements of Regulation 7 of the SFR.

- 9. Regulation 33 of the SFR.** Regulation 33(2) of the SFR provides that a CMSL holder shall not lend or arrange for a custodian to lend the specified products of the customer unless it has explained the risks involved to the customer (Regulation 33(2)(a)) and obtained the customer's written consent to do so (Regulation 33(2)(b)). The requirement to explain the risks involved to the customer does not apply where the customer is an accredited investor, expert investor or institutional investor. However, regardless of whether the customer is a retail investor or an accredited investor, the CMSL holder shall nevertheless enter into an agreement with the customer to set out the terms and conditions for such lending, or as the case may be, enter into an agreement with the custodian setting out the terms and conditions for the lending and disclose these terms and conditions to the customer.

When we deal with you as an accredited investor, we are not under any statutory obligation to explain the risks involved to you prior to us lending or arranging for a custodian to lend your specified products. You are therefore not protected by the requirements of Regulation 33(2)(a) of the SFR.

- 10. Regulation 40 of the SFR.** Regulation 40(1) of the SFR provides that a CMSL holder is required to furnish to each customer on a monthly basis a statement of account containing certain particulars prescribed under Regulation 40(2) of the SFR. In addition, Regulation 40(3) of the SFR provides that a CMSL holder is required to furnish to each customer, at the end of every quarter of a calendar year, a statement of account containing, where applicable, the assets, derivatives contracts of the customer and spot foreign exchange contracts for the purposes of leveraged foreign exchange trading of the customer that are outstanding and have not been liquidated and cash balances (if any) of the customer at the end of that quarter.

When we deal with you as an accredited investor and provided we have made available to you (on a real-time basis) the prescribed particulars in the form of electronic records stored on an electronic facility and you have consented to those particulars being made available in this manner or you have requested in writing not to receive the statement of account, we are not under any statutory obligation to furnish a monthly or quarterly statement of account to you. You are therefore not protected by the requirements of Regulations 40(1) and (3) of the SFR.

- 11. Regulation 45 of the SFR.** Regulation 45 of the SFR provides that borrowing and lending of specified products by a CMSL holder (i) must be recorded in a prior written agreement between the CMSL holder and the lender or borrower or their duly authorised agent where such agreement includes certain prescribed details; and (ii) must be collateralised. In particular, the CMSL holder is required to ensure that the collateral provided must, throughout the period that the specified products are borrowed or lent, have a value of not less than 100% of the market value of the specified products borrowed or lent. Regulation 45 of the SFR further sets out the acceptable forms of collateral for these purposes.

When we deal with you as an accredited investor, we are not under any statutory obligation to provide collateral to you under Regulation 45 of the SFR when we borrow specified products from you. Where we provide assets to you as collateral for the borrowing, the agreement shall specify whether the specified products borrowed and the assets provided comprising specified products (if any) are marked to market and if so, the procedures for calculating the margin. However (unlike for retail investors), the agreement does not have to include the requirement to mark-to-market on every business day the specified products that are borrowed nor the minimum collateral comprising specified products nor procedures for calculating the margins.

- 12. Regulation 47A(1) of the SFR.** Regulation 47A(1) of the SFR provides that disclosures of certain interests in respect of underwriting agreements have to be made. In particular, a CMSL holder must, in certain circumstances, disclose its interests in specified products when offering to sell specified products otherwise than in the ordinary course of trading on an approved exchange or recognised market operator or recommending specified products, where the CMSL holder has entered into an underwriting agreement in respect of such specified products. Copies of any written offer, written recommendation or written statement sent by the CMSL holder must be kept for a period of 5 years after the day of the written offer, recommendation or statement is made.

When we deal with you as an accredited investor, we are not under any statutory obligation to provide you with disclosures of our interest in specified products in the manner contemplated under Regulation 47A of the SFR. You are therefore not protected by the requirements under Regulation 47A of the SFR.

- 13. Regulation 47DA of the SFR.** Regulation 47DA(1) and (2) of the SFR provide for certain general risk disclosure requirements that a CMSL holder dealing in specified capital markets products must comply with. For this purpose, “specified capital markets products” means capital markets products other than futures contracts, spot foreign exchange contracts for the purposes of leveraged foreign exchange trading and foreign exchange over-the-counter derivatives contracts. In particular, the CMSL holder must not open a trading account for a customer for the purpose of entering into transactions of sale and purchase of any specified capital markets products unless it has furnished the customer with a written risk disclosure document disclosing the material risks of the specified capital markets products, and receives an acknowledgement signed and dated by the customer that he has received and understood the nature and contents of the risk disclosure document. Further, the CMSL holder must not enter any

transaction of sale or purchase of any specified capital markets products unless it has informed the customer whether it is acting in that transaction as a principal or agent and/or its intention to do so.

When we deal with you as an accredited investor, we are not under any statutory obligation to provide you with the risk disclosures, and the capacity in which we act, in the manner contemplated under Regulation 47DA of the SFR. You are therefore not protected by the requirements under Regulation 47DA of the SFR.

Under the FAA and the regulations, notices and guidelines issued thereunder:

- 14. Section 23F(1)(c) of the FAA read with Regulations 4A(4)(c), (d), (e) and (6) of the Financial Advisers Regulations (“FAR”).** Section 23F(1)(c) of the FAA read with Regulation 4A(4)(c), (d) and (e) of the FAR provides that where a principal wishes to appoint an individual as a provisional representative in respect of any financial advisory service, a principal is required to lodge with the MAS an undertaking to ensure that (i) the provisional representative is accompanied at all times by an authorised person when meeting any client or member of the public in the course of providing any financial advisory service, (ii) the provisional representative sends concurrently to an authorised person all electronic mail that he sends to any client or member of the public in the course of providing any financial advisory service and (iii) the provisional representative does not communicate by telephone with any client or member of the public when providing any financial advisory service, other than by telephone conference in the presence of an authorised person. An “authorised person” for these purposes refers to an appointed representative or a director of the principal, an officer of the principal whose primary function is to ensure that the provision of financial advisory service in question complies with the applicable laws and requirements of the MAS or an officer of the principal appointed to supervise the representative in providing the financial advisory service.

When we deal with you as an “accredited investor”, we are not under any statutory obligation to restrict the interactions with clients or members of public that may be undertaken by our provisional representatives in the course of providing any financial advisory service in the manner set out in Regulations 4A(4)(c), (d) and (e) of the FAR. You are therefore not protected by the requirements of Section 23F(1)(c) of the FAA read with Regulations 4A(4)(c), (d) and (e) of the FAR.

- 15. Regulation 28 of the FAR.** Regulation 28 of the FAR exempts certain exempt financial advisers from having to comply with requirements set out in sections 26 to 29 and 36 of the FAA. Briefly, these requirements are as follows. Section 26 of the FAA imposes an obligation on a financial adviser not to make any false or misleading statement or to employ any device, scheme or artifice to defraud. Section 27 of the FAA requires a financial adviser to have a reasonable basis for any recommendation on an investment product that is made to a client. Section 28 of the FAA provides that the MAS may by regulations determine the manner in which a financial adviser may receive or deal with client’s money or property or prohibit a financial adviser from receiving or dealing with client’s money or property in specified circumstances or in relation to specified activities. Section 29 imposes an obligation on a financial adviser to furnish information about any matter related to its business to the MAS if required by MAS for the discharge of its functions under the FAA. Section 36 of the FAA provides for certain disclosure of interest requirements when a financial adviser sends a circular or other written communication in which a recommendation is made in respect of specified products (i.e. securities, specified securities-based derivatives contracts or units in a collective investment scheme).

When we deal with you as an accredited investor, in the course of us providing advice or analyses on bonds, we will not be required to comply with the requirements set out in sections 26 to 29 and 36 of the FAA. You are therefore not protected by these requirements.

- 16. Regulation 32C of the FAR.** Regulation 32C of the FAR exempts a foreign research house from having to hold a financial adviser’s licence in respect of advising others by issuing or promulgating any research analyses or research reports concerning any investment product to any investor under an arrangement between the foreign research house and a financial adviser in Singapore, subject to certain conditions. These include a condition that where the research analysis or research report is issued or promulgated to a person who is not an accredited investor, expert investor or institutional investor, the analysis or report must contain a statement to the effect that the financial adviser in Singapore accepts legal responsibility for the contents of the analysis or report without any disclaimer limiting or otherwise curtailing such responsibility.

When we deal with you as an accredited investor, we need not expressly accept legal responsibility for the contents of any research analysis or research report issued or promulgated to you pursuant to an arrangement between us and a foreign research house. We are also not limited by the requirement to not include a disclaimer limiting or otherwise curtailing such legal responsibility. You are therefore not protected by these requirements under Regulation 32C of the FAR.

- 17. Section 25 of the FAA, MAS Notice on Information to Clients and Product Information Disclosure [Notice No. FAA-N03] and MAS Practice Note on the Disclosure of Remuneration by Financial Advisers [Practice Note No. FAA-PN01].** Section 25 of the FAA imposes an obligation on a financial adviser to disclose to its clients and prospective clients all material information relating to any designated investment product recommended by the financial adviser, and provides that MAS may prescribe the form and manner in which the information shall be disclosed. “**Material information**” includes the terms and conditions of the designated investment product and the benefits and risks that may arise from the designated investment product.

The MAS Notice on Information to Clients and Product Information Disclosure [Notice No. FAA-N03] sets out the standards to be maintained by a financial adviser and its representatives with respect to the information they disclose to clients. The Notice also sets out the general principles that apply to all disclosures by a financial adviser to its clients and the specific requirements as to the form and manner of disclosure that the financial adviser has to comply with in relation to, among others, section 25 of the FAA. This is supplemented by the MAS Practice Note on the Disclosure of Remuneration by Financial Advisers, which provides guidance on the requirements imposed on a financial adviser in relation to disclosing the remuneration that it receives or will receive for making any recommendations in respect of an investment product, or executing a purchase or sale contract relating to a designated investment product on their clients’ behalf.

As a result of our exemption from compliance with these requirements when we deal with you as an accredited investor, we are not under any statutory obligation to provide you with all material information on any designated investment product in the prescribed form and manner, e.g. the benefits and risks of the designated investment product and the illustration of past and future performance of the designated investment product. You are therefore not protected by the disclosure requirements in section 25 of the FAA and MAS Notice on Information to Clients and Product Information Disclosure [Notice No. FAA-N03] and the MAS Practice Note on the Disclosure of Remuneration by Financial Advisers [Practice Note No. FAA-PN01].

- 18. Section 27 of the FAA and MAS Notice on Recommendations on Investment Products [Notice No. FAA-N16].** Section 27 of the FAA requires a financial adviser to have a reasonable basis for any recommendation on an investment product that is made to a client. The financial adviser is required to give consideration to the investment objectives, financial situation and particular needs of the client, and to conduct investigation on the investment product that is the subject matter of the recommendation,

as is reasonable in all the circumstances. Failure to do so could, if certain conditions are satisfied, give the client a statutory cause of action to file a civil claim against the financial adviser for investment losses suffered by the client. The conditions are that the client suffers loss or damage as a result of doing a particular act (or refraining from doing a particular act) in reliance on the recommendation, where it is reasonable (having regard to the recommendation and all other circumstances) for the client to have done so in reliance on the recommendation.

The MAS Notice on Recommendations on Investment Products [Notice No. FAA-N16] sets out requirements which apply to a financial adviser when it makes recommendations on investment products to its clients. In particular, the Notice sets out: (i) the type of information the financial adviser needs to gather from its client as part of the “know your client” process; (ii) the manner in which the financial adviser should conduct its analysis of the client’s financial needs and how it should present its investment recommendations; and (iii) documentation and record keeping requirements relating to this process. In this connection, a financial adviser is required to ensure that, before it makes any recommendation on an investment product which is neither listed nor quoted on an organised market, it has been informed by the product manufacturer of the investment product as to whether the investment product is a “Specified Investment Product” (“SIP”). The financial adviser is required to keep proper records of such information and accordingly convey this information to a client who intends to transact in the investment product. SIPs include collective investment schemes and structured notes. If an investment product is an unlisted or unquoted SIP, prior to making a recommendation on such investment product, a financial adviser is required to conduct an assessment of the client’s knowledge and experience in unlisted and unquoted SIPs (“**Customer Knowledge Assessment**”), taking into account information on the client’s educational qualifications, investment experience and work experience, where the client is a natural person. The financial adviser is required to comply with various procedures (“**Procedures**”) depending on whether the client has the requisite knowledge and experience in the unlisted or unquoted SIP, including the provision of financial advice and/or obtaining senior management approvals.

As a result of our exemption from compliance with these requirements when we deal with you as an accredited investor, we are not under any statutory obligation to ensure that we have regard to the information possessed by us concerning your investment objectives, financial situation and particular needs and have given consideration to and conducted investigation of the subject matter of any recommendation, and that the recommendation is based on such consideration and investigation. We are also not statutorily required to conduct a Customer Knowledge Assessment to determine your investment experience and knowledge (which we would otherwise have been required to conduct if you are a natural person), nor are we required to comply with the Procedures. Further, you will not be able to rely on section 27 of the FAA in any claim against us for losses that may be suffered in respect of any investment that we may have recommended to you. You are therefore not protected by the requirements of section 27 of the FAA and MAS Notice on Recommendations on Investment Products [Notice No. FAA-N16].

- 19. Section 36 of the FAA.** Section 36 of the FAA provides that when sending a circular or other written communication in which a recommendation is made in respect of specified products (i.e. securities, specified securities-based derivatives contracts or units in a collective investment scheme), a financial adviser is required to include a concise statement, in equally legible type, of the nature of any interest in, or any interest in the acquisition or disposal of, those specified products that it or any associated or connected person has at the date on which the circular or other communication is sent. Such circular or written communication must be retained by the financial adviser for five years.

As a result of our exemption from compliance with section 36 of the FAA when we deal with you as an accredited investor, we are not under any statutory obligation to include such a statement of interest in specified products in any written recommendation or document that we may send to you. You are therefore not protected by the requirements of section 36 of the FAA if no disclosure is made of any interest that we or any associated or connected person may have in the specified products that we may recommend in such document.

20. Sections 38 and 39 of the FAA, and MAS Notice on Requirements for the Remuneration Framework for Representatives and Supervisors (“Balanced Scorecard Framework”) and Independent Sales Audit Unit [Notice No. FAA-N20] (“BSC Notice”) and MAS Guidelines on the Remuneration Framework for Representatives and Supervisors (“Balanced Scorecard Framework”), Reference Checks and Pre-Transaction Checks [Guideline No. FAA-G14] (“BSC Guidelines”). Section 38 of the FAA provides that a financial adviser must establish and maintain a remuneration framework that contains terms consistent with the requirements prescribed by MAS for the purpose of (a) reviewing and assessing the performance of its representatives and supervisors; and (b) determining the remuneration of its representatives and supervisors. The financial adviser must review and assess the performance, and determine and pay the remuneration, of its representatives and supervisors in accordance with such remuneration framework.

Section 39 of the FAA provides that a financial adviser must have an independent sales audit unit that reports to the board of directors and chief executive officer of the financial adviser or such unit determined by the board of directors or chief executive officer which is independent from all units of the financial adviser which provide financial advisory services. Such independent sales audit unit is required to audit the quality of the financial advisory services provided by the representatives of the financial adviser and to carry out the functions and duties prescribed by MAS, in the prescribed manner.

The BSC Notice sets out the requirements in relation to the design and operation of the balanced scorecard framework which a financial adviser is required to put in place in their remuneration structures for their representatives and supervisors, and the independent sales audit unit. The BSC Guidelines provide general guidance on some of the requirements of the BSC Notice, such as the post-transaction checks and classification of infractions by the independent sales audit unit. In addition, the BSC Guidelines set out the measures to be applied to all existing and newly recruited representatives who have been assigned a balanced scorecard grade of “E” and all supervisors who have been assigned a balanced scorecard grade of “Unsatisfactory” under the balanced scorecard framework, as well as obtaining and sharing of information on the representatives’ and supervisors’ balanced scorecard grades during reference checks. The BSC Guidelines also set out the MAS’ expectation for a financial adviser to conduct pre-transaction checks to minimise the impact of the balanced scorecard framework on its representatives and supervisors.

As a result of our exemption from compliance with these requirements when we deal with you (if you are a natural person) as an accredited investor, we are not under any statutory obligation to either (a) establish or maintain such a remuneration framework, or to review and assess the performance, and determine and pay the remuneration, of our representatives and supervisors in accordance with such a remuneration framework, or (b) to have an independent sales audit unit to audit the quality of the financial advisory services provided by our representatives. You are therefore not protected by the requirements of sections 38 and 39 of the FAA, the BSC Notice and the BSC Guidelines.

21. Regulation 18B of the FAR. Regulation 18B of the FAR provides that before selling or marketing certain new products, a financial adviser is required to carry out a due diligence exercise to ascertain whether such new product is suitable for the targeted client. The due diligence exercise must include an assessment of several areas, including (i) an assessment of the type of targeted client the new product is suitable for and whether the new product matches the client base of the financial adviser; (ii) the key risks that a targeted client who invests in the new product potentially faces; and (iii) the processes in place for a representative of the financial adviser to determine whether the new product is suitable for the targeted client, taking into consideration the nature, key risks and features of the new product. The financial adviser is prohibited from selling or marketing any new product to any targeted client unless every member of its senior management has, on the basis of the result of the due diligence exercise, personally satisfied himself that the new product is suitable for the targeted client and personally

approved the sale or marketing of the new product to the targeted client. “Targeted client” excludes accredited investors.

As a result of our exemption from compliance with Regulation 18B of the FAR when we deal with you as an accredited investor, we are not under any statutory obligation to carry out a due diligence exercise to ascertain whether any new product we wish to sell or market to you is suitable for you. You are therefore not protected by the requirements of Regulation 18B of the FAR.

2. **Position limits**

A member company is required by Rule 18.5 (Position Limits) of the Rules of SGX-ST (as reproduced below) to inform its client of the applicable position limits and that the member company will not accept any order from the client if the member company has reason to believe that the client, acting alone or in concert with others, has exceeded or is attempting to exceed such position limits.

The Customer acknowledges that it has been made aware of the position limits currently set out in Rule 18.5 as reproduced below. The Customer agrees to comply with such requirements as well as any other position or other limits as may be imposed by us.

Reproduction of Rule 18.5.1, 18.5.2, 18.5.4 and 18.5.7

18.5.1 Members Prohibited from Opening Transactions that would Violate Individual Position Limits

Except with the prior written approval of SGX-ST in each instance, no Trading Member shall, for any account in which it has an interest or for the account of any customer, effect an opening transaction in an Option of any Class dealt on SGX-ST if that Trading Member has reason to believe that as a result of such transaction the Trading Member or its customer would, acting alone or in concert with others directly or indirectly, hold or control or be obligated in respect of an aggregate position (whether short or long) in excess of the individual position limits set out as follows:

- (1) 2,000 Options on the same side of the market where the issued capital of the issuer of the underlying securities is less than 400 million shares. The aggregate position limit for both sides of the market shall accordingly be 4,000 Options.
- (2) 3,000 Options on the same side of the market where the issued capital of the issuer of the underlying securities is between 400 million and 600 million shares (both numbers inclusive). The aggregate position limit for both sides of the market shall accordingly be 6,000 Options.
- (3) 4,000 Options on the same side of the market where the issued capital of the issuer of the underlying securities is more than 600 million shares. The aggregate position limit for both sides of the market shall accordingly be 8,000 Options.

18.5.2 Market Position Limits

Notwithstanding Rule 18.5.1 the total number of outstanding Options on both sides of the market of any underlying security shall not exceed 15% of the issued capital of the issuer of the underlying security. This limit shall be known as the market position limit.

18.5.3 Position Limits Subject to Change

SGX-ST may from time to time vary the individual position and market position limits in Rules 18.5.1 and 18.5.2 respectively by a circular issued to all Trading Members, such new position limits to take effect on such date specified therein. Such new position limits shall not, unless otherwise stated, affect existing Options positions.

18.5.4 Definition of "Control"

- (1) For purposes of aggregation of Option positions under Rule 18.5.1, control may be presumed by SGX-ST:
 - (a) when a person has the power or ability to make investment decisions for an Options trading account; or
 - (b) when a person has the power or ability to influence directly or indirectly the investment decisions of any person who makes investment decisions for an Options trading account. A person who has such power or ability shall be presumed to control such account unless and until the presumption is rebutted by evidence and a determination to the contrary has been made by SGX-ST.
- (2) Control will be presumed in the following circumstances:
 - (a) among all parties to a joint account who have authority to act on behalf of the Options trading account;
 - (b) when a person holds an ownership interest of 10% or more in a Corporation (ownership interest of less than 10% will not preclude aggregation);
 - (c) when Option trading accounts have common directors or management; or
 - (d) where a person or entity has the authority to execute transactions in an Options trading account.

3. Exchange Options Transactions

A member company is required by Rule 18.7.3 of SGX-ST to obtain from its client a written undertaking upon the approval of the client's options trading account.

Upon the approval of the Customer's options trading account with us, the Customer undertakes, agrees and acknowledges that:

- (a) all options transactions shall be subject to the Rules and Directives of SGX-ST and all Applicable Rules and MAS Rules;
- (b) the Customer will not violate, either alone or in concert with others, the individual position limits established pursuant the Rules and Directives of SGX-ST;
- (c) the Customer has received (1) an explanatory booklet (together with all updates thereto) containing information to investors on the trading of Options; and (2) a risk disclosure statement for the time being prescribed by the Options Clearing Company (Pte) Limited, and the Customer has read and understood the contents thereof and is aware of the special risks involved in the trading of options as outlined therein;
- (d) if at any time the Customer should exceed the individual position limits prescribed by SGX-ST, his outstanding options positions in excess of the individual position limit shall be liable to be closed out and any losses, charges and expenses arising from the closing of his options positions shall be charged to his account; and
- (e) the Customer shall at all times promptly furnish, maintain and top-up such deposits and margins as shall be required by us from time to time in respect of the short positions in its options trading account.
