

PUBLIC COMPANY DESCRIPTIONS

Amdocs (NASDAQ: DOX)

Key Executives: Shuky Sheffer (CEO), Tamar Rapaport-Dagim (CFO & COO)

Amdocs helps those who build the future to make it amazing. With our market-leading portfolio of software products and services, we unlock our customers' innovative potential, empowering them to provide next-generation communication and media experiences for both the individual end user and enterprise customers. Our 31,000 employees around the globe are here to accelerate service providers' migration to the cloud, enable them to differentiate in the 5G era, and digitalize and automate their operations. Listed on the NASDAQ Global Select Market, Amdocs had revenue of \$4.58 billion in fiscal 2022.

Arbe (NASDAQ: ARBE)

Key Executives: Kobi Marenko (CEO, Co-Founder), Noam Arkind (CTO, Co-Founder), Karine Pinto-Flomenboim (CFO)

Arbe is a global leader in Perception Radar Chipset Solutions, is spearheading a radar revolution, enabling truly safe driver-assist systems today while paving the way to full autonomous-driving. Arbe's imaging radar is 100 times more detailed than any other radar on the market and is a mandatory sensor for L2+ and higher autonomy. The company is empowering automakers, tier-1 suppliers, delivery robots, commercial and industrial vehicles, and a wide array of safety applications with advanced sensing and paradigm-changing perception. Arbe is a leader in the fast-growing automotive radar market that has a projected total addressable market of \$11 billion in 2025. Arbe is based in Tel Aviv, Israel, and has an office in the United States.

Bezeq (TASE: BEZQ)

Key Executives: Gil Sharon (Chairman), Ran Guron (CEO), Tobi Fischbein (CFO)

Jefferies Analyst: Giles Thorne

Bezeq, Israel's leading telecommunications service provider, was established in 1984. The Company has led Israel into the new era of communications by focusing on the most advanced technologies and services. Bezeq and its subsidiaries offer the full range of telecommunications services including domestic, international and cellular phone services, broadband Internet, and other data communications, cloud and digital services, satellite and Internet based multi-channel TV, and corporate networks.

Camtek (NASDAQ, TASE: CAMT)

Key Executives: Rafi Amit (CEO, Co-Founder), Moshe Eisenberg (CFO)

Jefferies Analyst: Vedvati Shrotre

Camtek is a leading manufacturer of metrology and inspection equipment and a provider of software solutions serving the Advanced Packaging, Memory, CMOS Image Sensors, MEMS, RF and other segments in the mid end of the semiconductor industry. Camtek provides dedicated solutions and crucial yield-enhancement data, enabling manufacturers to improve yield and drive down their production costs. With eight offices around the world, Camtek has best-in-class sales and customer support organization, providing tailor-made solutions in line with customers' requirements.

CEVA (NASDAQ: CEVA)

Key Executives: Amir Panush (CEO), Yaniv Arieli (CFO)

CEVA is the leading licensor of wireless connectivity and smart sensing technologies and custom SoC solutions for a smarter, safer, connected world. We provide Digital Signal Processors, AI engines, wireless platforms, cryptography cores and complementary embedded software for sensor fusion, image enhancement, computer vision, spatial audio, voice input and artificial intelligence. These technologies are offered in combination with our Intrinsix IP integration services, helping our customers address their most complex and time-critical integrated circuit design projects. Leveraging our technologies and chip design skills, many of the world's leading semiconductors, system companies and OEMs create power-efficient, intelligent, secure and connected devices for a range of end markets, including mobile, consumer, automotive, robotics, industrial, aerospace & defense and IoTs.

PUBLIC COMPANY DESCRIPTIONS

Check Point (NASDAQ: CHKP)

Key Executives: Gil Shwed (CEO, Co-Founder), Roei Golan (CFO)

Jefferies Analyst: Joseph Gallo

Check Point a leading provider of cyber security solutions to governments and corporate enterprises globally. Its solutions protect customers from 5th generation cyber-attacks with an industry leading catch rate of malware, ransomware and other types of attacks. Check Point offers multilevel security architecture, "Infinity" Total Protection with Gen V advanced threat prevention, which defends enterprises' cloud, network and mobile device held information. Check Point provides the most comprehensive and intuitive one point of control security management system. Check Point protects over 100,000 organizations of all sizes.

CyberArk (NASDAQ: CYBR)

Key Executives: Udi Mokady (Executive Chairman, Founder), Matt Cohen (CEO), Josh Siegel (CFO)

CyberArk is the global leader in Identity Security. Centered on privileged access management, CyberArk provides the most comprehensive security offering for any identity – human or machine – across business applications, distributed workforces, hybrid cloud workloads and throughout the DevOps lifecycle. The world's leading organizations trust CyberArk to help secure their most critical assets.

Elbit Systems (NASDAQ, TASE: ESLT)

Key Executives: Bezahel (Butzi) Machlis (President & CEO), Yaacov (Kobi) Kagan (CFO)

Jefferies Analyst: Sheila Kahyaoglu

Elbit Systems Ltd. is an international high technology company engaged in a wide range of programs throughout the world, primarily in the defense and homeland security arenas. We develop and supply a broad portfolio of airborne, land and naval systems and products for defense, homeland security and commercial applications. Our systems and products are installed on new platforms, and we also perform comprehensive platform modernization programs. In addition, we provide a range of training and support services. Our major activities include: military aircraft and helicopter systems; commercial aviation systems and aerostructures; unmanned aircraft systems (UAS); electro-optic, night vision and countermeasures systems; naval systems; land vehicle systems; munitions; command, control, communications, computer, intelligence, surveillance and reconnaissance (C4ISR) and cyber systems; electronic warfare and signal intelligence systems; and other commercial activities.

Fiverr (NYSE: FVRR)

Key Executives: Micha Kaufman (CEO, Co-Founder), Ofer Katz (President & CFO)

Fiverr's mission is to revolutionize how the world works together. We exist to democratize access to talent and to provide talent with access to opportunities so anyone can grow their business, brand, or dreams. From small businesses to Fortune 500, over 4 million customers worldwide worked with freelance talent on Fiverr in the past year, ensuring their workforces remain flexible, adaptive, and agile. With Fiverr's Talent Cloud, companies can easily scale their teams from a talent pool of skilled professionals from over 160 countries across more than 550 categories, ranging from programming to 3D design, digital marketing to content creation, from video animation to architecture.

Global-e (NASDAQ: GLBE)

Key Executives: Amir Schlachet (CEO, Co-Founder), Ofer Koren (CFO)

Jefferies Analyst: Samad Samana

Global-e is the world's leading platform enabling and accelerating global, Direct-To-Consumer cross-border ecommerce. The chosen partner of more than 1,000 brands and retailers across the United States, Europe and Asia, Global-e makes selling internationally as simple as selling domestically. The company enables merchants to increase the conversion of international traffic into sales by offering online shoppers in over 200 destinations worldwide a seamless, localized shopping experience. Global-e's end-to-end ecommerce solutions combine best-in-class localization capabilities, big-data best-practice business intelligence models, streamlined international logistics and vast cross-border experience, enabling international shoppers to buy seamlessly online and retailers to sell to, and from, anywhere in the world.

PUBLIC COMPANY DESCRIPTIONS

Hippo (NYSE: HIPO)

Key Executives: Richard McCathron (CEO), Assaf Wand (Executive Chairman & Co-Founder), Stewart Ellis (CFO)

Jefferies Analyst: Yaron Kinar

Hippo is protecting the joy of homeownership, helping to safeguard customers' most important financial asset by harnessing the power of real-time data, smart home technology, and a growing suite of home services to deliver proactive home protection. Since going public in 2021, Hippo's products have become increasingly available and now reach 94% of the U.S. population in 40 states. In addition to offering modern homeowners insurance, Hippo supports other MGAs with its Insurance as Service offering and independent agents via the First Connect platform. The company also operates a differentiated consumer insurance agency that sells non-Hippo products, and offers Hippo Home Care services like home health assessments and personalized home maintenance checklists to all U.S. homeowners.

Innoviz (NASDAQ: INVZ)

Key Executives: Omer Keilaf (CEO, Co-Founder), Eldar Cegla (CFO)

Innoviz is a global leader in LiDAR technology, working towards a future with safe autonomous vehicles on the world's roads. Innoviz's LiDAR and perception software "see" better than a human driver and reduce the possibility of error, meeting the automotive industry's strictest expectations for performance and safety. Operating across the U.S., Europe, and Asia, Innoviz has been selected by internationally recognized premium car brands for use in consumer vehicles as well as by other commercial and industrial leaders for a wide range of use cases.

Ituran (NASDAQ: ITRN)

Key Executives: Eyal Sheratzky (Co-CEO), Nir Sheratzky (Co-CEO), Udi Mizrahi (Deputy CEO), Eli Kamer (CFO)

Ituran is a leader in the emerging mobility technology field, providing value-added location-based services, including a full suite of services for the connected-car. Ituran offers Stolen Vehicle Recovery, fleet management as well as mobile asset location, management & control services for vehicles, cargo and personal security for the retail, insurance industry and car manufacturers. Ituran is the largest OEM telematics provider in Latin America. Its products and applications are used by customers in over 20 countries. Ituran is also the founder of the Tel-Aviv based DRIVE startup incubator to promote the development of smart mobility technology.

Ituran's subscriber base has been growing significantly since the Company's inception to over 2 million subscribers using its location-based services with a market leading position in Israel and Latin America. Established in 1995, Ituran has 2,800 employees worldwide, with offices in Israel, Brazil, Argentina, Mexico, Ecuador, Columbia, India, Canada and the United States.

Kornit Digital (NASDAQ: KRNT)

Key Executives: Ronen Samuel (CEO), Lauri Hanover (CFO)

Kornit Digital is a worldwide market leader in sustainable, on-demand, digital fashionx and textile production technologies. The Company is writing the operating system for fashion with end-to-end solutions including digital printing systems, inks, consumables, and an entire global ecosystem that manages workflows and fulfillment. Headquartered in Israel with offices in the USA, Europe, and Asia Pacific, Kornit Digital serves customers in more than one hundred countries and states worldwide.

Lemonade (NYSE: LMND)

Key Executives: Daniel Schreiber (CEO, Co-Founder), Shai Wininger (Co-CEO, Co-Founder), Tim Bixby (CFO)

Jefferies Analyst: Yaron Kinar

Lemonade offers renters, homeowners, car, pet, and life insurance. Powered by artificial intelligence and social impact, Lemonade's full stack insurance carriers in the US and the EU replace brokers and bureaucracy with bots and machine learning, aiming for zero paperwork and instant everything. A Certified B-Corp, Lemonade gives unused premiums to nonprofits selected by its community, during its annual Giveback. Lemonade is currently available in the United States, Germany, the Netherlands, France, and the UK, and continues to expand globally.

PUBLIC COMPANY DESCRIPTIONS

Monday.com (NASDAQ: MNDY)

Key Executives: Roy Mann (Co-CEO, Co-Founder), Eran Zinman (Co-CEO, Co-Founder), Eliran Glazer (CFO)

Jefferies Analyst: Brent Thill

The monday.com Work OS is a low code- no code platform that democratizes the power of software so organizations can easily build work management tools and software applications to fit their every need. The platform intuitively connects people to processes and systems, empowering teams to excel in every aspect of their work while creating an environment of transparency in business. monday.com has offices in Tel Aviv, New York, Miami, Chicago, Denver, London, Warsaw, Sydney, Melbourne, São Paulo, and Tokyo. The platform is fully customizable to suit any business vertical and is currently used by over 186,000 customers across 200 industries in over 200 countries and territories.

**MOTOROLA
SOLUTIONS**

Motorola Solutions (NYSE: MSI)

Key Executives: Greg Brown (Chairman & CEO), Jason Winkler (CFO)

Jefferies Analyst: George Notter

Motorola Solutions is a global leader in public safety and enterprise security. Our solutions in land mobile radio communications, video security & access control and the command center, bolstered by managed & support services, create an integrated technology ecosystem to help make communities safer and businesses stay productive and secure. At Motorola Solutions, we're ushering in a new era in public safety and security.

Nayax (TASE, NASDAQ: NYAX)

Key Executives: Yair Nechmad (CEO, Co-Founder), David Ben Avid (CTO, Co-Founder), Sagit Manor (CFO)

Jefferies Analyst: Trevor Williams

Nayax is a global commerce enablement and payments platform designed to help merchants scale their business. Nayax offers a complete solution including localized cashless payment acceptance, management suite, and consumer engagement tools, enabling merchants to conduct commerce anywhere, at any time. With foundations and global leadership in serving unattended retail, Nayax has transformed into a comprehensive solution focused on our customers' growth across multiple channels. Today, Nayax has 9 global offices, approximately 800 employees, connections to more than 80 merchant acquirers and payment method integrations and is a recognized payment facilitator worldwide. Nayax's mission is to improve our customers' revenue potential and operational efficiency.

Nova Ltd. (NASDAQ, TASE: NVMI)

Key Executives: Gabriel ("Gaby") Waisman (President & CEO), Dror David (CFO), Eitan Oppenheim (Executive Chairman)

Jefferies Analyst: Vedvati Shrotr

Nova is a leading innovator and key provider of material, optical, and chemical metrology solutions for advanced process control in semiconductor manufacturing. Nova delivers continuous innovation by providing state-of-the-art high-performance metrology solutions for effective process control throughout the semiconductor fabrication lifecycle. Nova's product portfolio, which combines high-precision hardware and cutting-edge software, provides its customers with deep insight into developing and producing the most advanced semiconductor devices. Nova's unique capability to deliver innovative solutions enables its customers to improve performance, enhance product yields, and accelerate time to market. Nova acts as a partner to semiconductor manufacturers from its offices worldwide. Nova has manufacturing facilities in the US, Germany and Israel.

Outbrain (NASDAQ: OB)

Key Executives: Yaron Galai (Co-CEO, Co-Founder), David Kostman (Co-CEO), Jason Kiviat (CFO)

Jefferies Analyst: Andrew Uerkwitz

Outbrain is a leading recommendation platform for the open web. Our technology enables 10 billion daily recommendations to consumers across more than 7,000 online properties and connects advertisers to these audiences to grow their business. Founded in 2006, Outbrain is headquartered in New York, with offices in 17 cities worldwide.

PUBLIC COMPANY DESCRIPTIONS

Perion (NASDAQ, TASE: PERI)

Key Executives: Doron Gerstel (Current CEO), Tal Jacobson (Incoming CEO (effective August 1, 2023)), Maoz Sigron (CFO)

Perion Network Ltd. is a global advertising technology company whose synergistic solutions are delivered across the three primary channels of digital advertising – ad search, social media and display, including video and CTV advertising. These channels are brought together by Perion’s intelligent HUB, which integrates Perion’s business assets from both sides of the open Web, providing significant benefits to brands and publishers.

Playtech (LSE: PTEC)

Key Executives: Mor Weizer (CEO), Chris McGinnis (CFO)

Jefferies Analyst: James Wheatcroft

Founded in 1999 and premium listed on the Main Market of the London Stock Exchange, Playtech is a technology leader in the gambling industry with over 7,000 employees across 20 countries.

Playtech is the gambling industry’s leading technology company delivering business intelligence driven gambling software, services, content and platform technology across the industry’s most popular product verticals, including, casino, live casino, sports betting, virtual sports, bingo and poker. It is the pioneer of omni-channel gambling technology through its integrated platform technology, Playtech ONE. Playtech ONE delivers data-driven marketing expertise, single wallet functionality, CRM and responsible gambling solutions across one single platform across product verticals and across retail and online. Playtech also directly owns and operates Snaitech, the leading sports betting and gaming company in online and retail in Italy.

Radware (NASDAQ: RDWR)

Key Executives: Roy Zisapel (CEO), Guy Avidan (CFO)

Jefferies Analyst: George Notter

Radware is a global leader of cyber security and application delivery solutions for physical, cloud, and software defined data centers. Its award-winning solutions portfolio secures the digital experience by providing infrastructure, application, and corporate IT protection, and availability services to enterprises globally. Radware’s solutions empower enterprise and carrier customers worldwide to adapt to market challenges quickly, maintain business continuity, and achieve maximum productivity while keeping costs down.

REE Automotive (NASDAQ: REE)

Key Executives: Daniel Barel (CEO, Co-Founder), Ahishay Sardes (CTO, Co-Founder), Yaron Zaltsman (CFO)

REE Automotive is an automotive technology company that allows companies to build any size or shape of electric vehicle on their modular platforms. With complete design freedom, vehicles Powered by REE are equipped with the revolutionary REEcorner, which packs critical vehicle components (steering, braking, suspension, powertrain and control) into a single compact module positioned between the chassis and the wheel, enabling REE to build the industry’s flattest EV platforms with more room for passengers, cargo and batteries. REE platforms are future proofed, autonomous capable, offer a low TCO, and drastically reduce the time to market for fleets looking to electrify.

Sapiens (NASDAQ, TASE: SPNS)

Key Executives: Roni Al-Dor (CEO), Roni Giladi (CFO)

Jefferies Analyst: Surinder Thind

Sapiens International Corporation empowers the financial sector, with a focus on insurance, to transform and become digital, innovative, and agile. With more than 40 years of industry expertise, Sapiens’ cloud-based SaaS insurance platform offers pre-integrated, low-code capabilities across core, data and digital domains to accelerate our customers’ digital transformation. Serving over 600 customers in 30 countries, Sapiens offers insurers across property and casualty, workers’ compensation, and life insurance markets the most comprehensive set of solutions, from core to complementary, including Reinsurance, Financial & Compliance, Data & Analytics, Digital, and Decision Managements.

PUBLIC COMPANY DESCRIPTIONS

Similarweb (NYSE: SMWB)

Key Executives: Or Offer (CEO, Co-Founder), Jason Schwartz (CFO)

Jefferies Analyst: Brent Thill

Similarweb is the most trusted platform for understanding online behavior, used by millions of people every day to create insights and strengthen their knowledge of the digital world. We empower anyone – from the curious individual to the enterprise business leader – to make smarter decisions by understanding why things happen across the digital ecosystem.

SoFi Technologies (NASDAQ: SOFI)

Key Executives: Anthony Noto (CEO), Chris Lapointe (CFO)

Jefferies Analyst: John Hecht

SoFi (NASDAQ: SOFI) is a member-centric, one-stop shop for digital financial services on a mission to help people achieve financial independence to realize their ambitions. The company's full suite of financial products and services helps its nearly 5.7 million SoFi members borrow, save, spend, invest, and protect their money better by giving them fast access to the tools they need to get their money right, all in one app. SoFi also equips members with the resources they need to get ahead – like career advisors, Credentialed Financial Planners (CFP®), exclusive experiences and events, and a thriving community – on their path to financial independence.

SoFi innovates across three business segments: Lending, Financial Services – which includes SoFi Checking and Savings, SoFi Invest, SoFi Credit Card, SoFi Protect, and SoFi Insights – and Technology Platform, which offers the only end-to-end vertically integrated financial technology stack. SoFi Bank, N.A., an affiliate of SoFi, is a nationally chartered bank, regulated by the Federal Reserve, OCC, and FDIC. The company is also the naming rights partner of SoFi Stadium, home of the Los Angeles Chargers and the Los Angeles Rams.

TASE (TASE: TASE)

Key Executives: Ittai Ben-Zeev (CEO), Yehuda Ben Ezra (CFO)

Jefferies Analyst: Daniel Fannon

The Tel Aviv Stock Exchange LTD (TASE) was established in Israel in September 1953. TASE plays a central role in the Israeli economy and provides a market infrastructure that is central to the economy's growth. As TASE is the only securities exchange in Israel, due to it being protected by high barriers to entry in terms of regulation and the need for reliable technological infrastructure, Israeli companies and the Israeli government rely on TASE's markets for capital and liquidity. As of August 1, 2019, the Tel Aviv Stock Exchange is a TASE traded public company, following its IPO at the end of July 2019. TASE's wholly-owned subsidiaries include the Tel Aviv Stock Exchange Clearing House, the MAOF Clearing House (derivatives) and the Tel Aviv Stock Exchange Nominee Company, which provide the only clearing and settlement infrastructure in Israel and securities registration services.

Unity (NYSE: U)

Key Executives: John Riccitiello (President & CEO), Luis Visoso (CFO), Tomer Bar Zeev (President, Grow)

Jefferies Analyst: Andrew Uerkwitz

Unity is the world's leading platform for content creators of all sizes to successfully realize their vision. Our comprehensive set of software solutions supports them through the entire development lifecycle as they build, run, and grow immersive, real-time 2D and 3D content for mobile phones, tablets, PCs, consoles, and augmented and virtual reality devices.

Valens Semiconductor (NYSE: VLN)

Key Executives: Gideon Ben-Zvi (CEO), Dror Heldenberg (CFO)

Valens Semiconductor pushes the boundaries of connectivity by enabling long-reach, high-speed video and data transmission for the Audio-Video and Automotive industries. Valens' HDBaseT® technology is the leading standard in the Audio-Video market with tens of millions of Valens' chipsets integrated into thousands of products in a wide range of applications. Valens' Automotive chipsets are deployed in systems manufactured by leading customers and are on the road in vehicles around the world. Valens is a key enabler of the evolution of ADAS and autonomous driving and its advanced technology is the basis for the MIPI A-PHY standard for high-speed in-vehicle connectivity.

Weebit Nano (ASX: WBT)

Key Executives: Coby Hanoch (CEO), Alla Felder (CFO)

Weebit Nano is a leading developer of advanced semiconductor memory technology. The company's ground-breaking Resistive RAM (ReRAM) addresses the growing need for significantly higher performance and lower power memory solutions in a range of new electronic products such as Internet of Things (IoT) devices, smartphones, robotics, autonomous vehicles, 5G communications and artificial intelligence. Weebit's ReRAM allows semiconductor memory elements to be significantly faster, less expensive, more reliable and more energy efficient than those using existing Flash memory solutions. As it is based on fab-friendly materials, the technology can be quickly and easily integrated with existing flows and processes, without the need for special equipment or large investments.

Wix (NASDAQ: WIX)

Key Executives: Avishai Abrahami (CEO, Co-Founder), Lior Shemesh (CFO)

Jefferies Analyst: Brent Thill

Wix is a leading platform to create, manage and grow a digital presence. What began as a website builder in 2006 is now a complete platform providing users with enterprise-grade performance, security and a reliable infrastructure. Offering a wide range of commerce and business solutions, advanced SEO and marketing tools, Wix enables users to have full ownership of their brand, their data and their relationships with their customers. With a focus on continuous innovation and delivery of new features and products, anyone can build a powerful digital presence to fulfill their dreams on Wix.

accessiBe

Key Executives: Shir Ekerling (CEO, Co-Founder), Dekel Skoop (CEO, Co-Founder), Gal Vizel (Chief Revenue Officer, Co-Founder)

Capital Raised: \$58 Million

accessiBe is the market leader in web accessibility solutions. Founded in 2018 and currently used on more than 180,000 websites, accessiBe streamlines web accessibility with an ecosystem of solutions, enabling businesses to be proudly inclusive as well as compliant with worldwide legislation. On a mission to make the internet an accessible and inclusive space, accessiBe's solutions are developed with members of different disability communities, and based on specific standards for legal compliance around the world. From AI-powered UX modification that leaves original code untouched, to an all-in-one development platform for full native accessibility, as well as professional services to ensure even rich content and digital assets are accessible, accessiBe meets businesses of all sizes and industries with the right solution for them.

Investors: Gliot Capital Partners, K1 Investment Management, Phoenix Insurance Company

ActiveFence

Key Executives: Noam Schwartz (CEO, Co-Founder), Iftach Orr (CTO, Co-Founder), Alon Porat (CPO, Co-Founder), Eyal Dykan (President, Co-Founder)

Capital Raised: \$98 Million

ActiveFence is a leader in online integrity, protecting billions of people worldwide from disinformation, child abuse, terror, hate speech, fraud and other online harms. The company's customers include trust and safety teams at some of the world's leading technology platforms. ActiveFence empowers these and other abuse prevention professionals with a unique, proactive approach to the detection of and protection against malicious activities on the internet. By searching across the darkest corners of the web where bad actors chat, share and plan, ActiveFence spots known and unknown threats to online platforms before they reach the platforms themselves and cause real damage.

Investors: ClalTech, CRV, Grove Ventures, Highland Europe, Maj Invest, NFX, Norwest Venture Partners, Resolute Ventures, Vintage Investment Partners

AlgoSec

Key Executives: Yuval Baron (CEO, Co-Founder), Avishai Wool (CTO, Co-Founder), Ilan Erez (CFO)

Capital Raised: N/A

AlgoSec, a global cybersecurity leader, empowers organizations to secure application connectivity by automating connectivity flows and security policy, anywhere.

The AlgoSec platform enables the world's most complex organizations to gain visibility, reduce risk, and process changes at zero-touch across the hybrid network.

AlgoSec's patented application-centric view of the hybrid network enables business owners, application owners, and information security professionals to talk the same language, so organizations can deliver business applications faster while achieving a heightened security posture.

Over 1,800 of the world's leading organizations trust AlgoSec to help secure their most critical workloads across public cloud, private cloud, containers, and on-premises networks while taking advantage of almost two decades of leadership in Network Security Policy Management.

Investors: Claridge Israel (\$37 Million secondary investment)

Anodot

Key Executives: David Drai (CEO, Co-Founder), Ira Cohen (Chief Data Scientist, Co-Founder), Einat Paz (CFO)

Capital Raised: \$66 Million

Anodot is the business monitoring company that eliminates business blind spots by proactively monitoring business metrics, enabling companies to protect revenue, and manage cost. Leveraging AI and ML, Anodot's augmented analytics proactively alert companies to revenue-critical business incidents and automates their remediation in real time. Anodot's Cloud Cost Management solution helps FinOps teams reduce cloud waste and manage costs in multi-cloud and Kubernetes environments, providing actionable recommendations that can cut up to 40% on annual cloud spend. Anodot is trusted by numerous Fortune 500 companies to help slash time to detection and resolution for revenue-critical issues by as much as 80%.

Travelier (formerly Bookaway Group)

Key Executives: Noam Toister (CEO, Co-Founder), Omer Chehmer (COO, Co-Founder), David Yitzhaki (CEO of Bookaway.com, Co-Founder)

Capital Raised: \$81 Million

Travelier, formerly known as Bookaway Group, is a travel-tech company, revolutionizing ground and sea transportation for travelers. Travelier's network of digital platforms allow customers to instantly buy intercity tickets to ferries, buses and trains in local markets which can be usually complex, enabling stress-free travel across the globe. Since its founding in 2017, Travelier has worked to bridge the gap between international travelers and local transportation suppliers – empowering suppliers to grow their businesses, all while easing travel anxiety for the consumer. Travelier's mission to facilitate memorable journeys is not only at the root of their proprietary platform but stretches across their wide range of subsidiaries – [Bookaway](#) operating globally, [Getbybus](#) servicing the Balkans, [12Go](#) in Southeast Asia, [SeatOS](#) for the Asia Pacific market, and [Plataforma10](#) and [Sisorg](#) servicing Latin America.
